

# Hillside Coin Club

*Founded in 1982*

Any person interested in numismatics is eligible to become a member. We welcome young people who are just beginning collecting and the not-so-young who are more experienced.

## Where we meet:

**The Hillside Community Center**  
**1 Lind Street**  
**Hillside, Illinois 60162**

The community center is two short blocks west of Wolf Rd. on the NE corner of Harrison St. & Lind St. Take Wolf Rd. to the first traffic light north of Roosevelt. (Proviso West High School is on the southeast corner.) Turn west on Harrison and go two blocks. The one story brick building will be on your right across from a cemetery.

## Our Publication:

Our newsletter is the **TWO CENTS WORTH** which is published and sent to members each month. It is also posted on our website.

## Our Meetings:

**Meetings start 7:00 pm.**

A motion is made to approve the minutes as written in the TWO CENTS WORTH. The **Treasurer's Report** is read and approved. **Old Business** from the prior meeting is discussed followed by **New Business** concerns raised by members.

We follow with a thirty minute **Feature Presentation** on a numismatic topic. All members are encouraged to present regardless of age and level of experience. The willingness of members to be active participants ensures the success of the Hillside Coin Club.

We typically have a fifteen-minute break to socialize and share snacks before the **Show & Tell** exhibit segment of the meeting where members can present items from their collection, news articles, or reports on coin shows they have attended.

A very popular segment of the meeting is the **Monthly Raffle**. A variety of coins and numismatic material is purchased by the club treasurer and raffle tickets are sold to attendees at all meetings. Another feature is our monthly **Silent Auction** of members' numismatic items.

**Meetings are usually adjourned by 9:00 pm.**

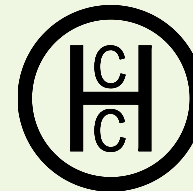

*We receive publications from the American Numismatic Association and other clubs in the area which are shared with interested members.*
